

THE DAILY APPEAL.

WEDNESDAY MORNING, DECEMBER 16, 1876.

The Courts.—The Criminal and Common Law Courts are engaged in the routine matters that usually occupy the time of term, and afford nothing of special note.

Came into Ball.—The German Society of Memphis has invited all to a general meeting at a given hour on Christmas eve. It will be a gay occasion, and will call together a large company.

Pass.—A negro from New Orleans, who has been detained in our jail six months upon suspicion of being a fugitive, has been set at liberty, by having proved himself to be a free negro. He was taken originally from a steamboat at landing.

COURT.—The Square was a busy scene yesterday. The remainder of the trouvaille had arrived here, was speedily being put in place. The following day we were to have a grand entertainment when the numerous pieces are mounted on the posts, and the arm placed on the corner and gate pillars. A row of plats was planted on the sidewalk in Main street. The place will ultimately be a beautiful one.

Amo.—The prison log on the ill-fated steamer *Opelousas*, on her way to Galveston, to recruit the crew of Mr. Gandy, who had lost his wife and son child. Mrs. Wixson was the second daughter of the late J. K. Lane, of Nashville, Tenn., where she has numerous friends who will render the sad intelligence with sorrow.

The papers at Nashville will please notice.

No Licenses.—The German Dramatic Association have a room on Shelby street upon which a stage, for the purpose of giving dramatic performances, has been erected.

Alderman Hughes, the proprietor, was summoned before Exq. Esq. yesterday, to answer for being without a theatrical license.

The proof that the establishment was used only for private theatricals, and were dissolved, it need not be required in such a case.

CRUELTY.—A boy was yesterday brought before Exq. Esq., the charge of cruelty. His offense consisted in discharging an arrow at a dog in the yard, which passed through the animal's side and stuck in the bone. We doubt if the young rogue deserved his violent punishment, but they would want them gravely injured.

The city had been obliged to graze sheep on the public park-hall Simonds, is the boat for New Orleans this evening.

Mr. Bassett denied the allegations of Mr. Hughes. He simply wanted an opportunity to get into the city with safety, he did not mind what street. At the present crossing there were five tracks, and a bridge there must be only two or three tracks to be crossed.

The *Examiner* brought from White River 135 halves of cotton, she leaves for the same river to-night; we need scarcely call attention to this popular boat, she always "takes the lead."

The Virginia left last night for New Orleans with 350 barrels of cotton on board. The *Boss* also left for St. Louis.

A resolution that the Mayor should take titles and passes across damages for the opening of Wellington street, (preparatory to building bridges,) was adopted, it being considered that the expense should be incurred by the city in making the street.

Alderman Fannie introduced an ordinance declaring Gayoso street from Shelly to Second a nuisance, and ordering sidewalks to be laid out on each side of it. Referred to the Ordinance Committee.

Alderman Fannie stated that the Engine House No. 5 was in bad condition, and wanted a roof.

Alderman Hughes stated that the house was his, and if the city would put a roof on it, he would accept. The matter was laid over.

Alderman Leboldoff offered a resolution that the City Engineer make the necessary preparations, for building a railroad track across the Pigeon River road, passed.

Alderman Fannie offered a resolution, which passed, extending the present contract for graveling to parts of Main, Court, Poplar and Madison streets.

Alderman Fannie offered a resolution, which passed, for the appointment of a Committee to confer with Dr. J. Fowles, with regard to his indebtedness to the city. The Committee are Masters, Finale, Street and Copeland.

Alderman Fannie introduced an ordinance for suppressing certain nuisances at the centers of population, and authorizing the Board of Health to do the same.

Alderman Fannie introduced an ordinance declaring Gayoso street from Shelly to Second a nuisance, and ordering sidewalks to be laid out on each side of it. Referred to the Ordinance Committee.
